To Whom It May Concern,

Campbellsville University has defined full-time status for a student as six credit hours per semester. **A student enrolled on an F-1 visa may not register for more than one online course each semester/term as it pertains to fulfilling the full-time enrollment requirement.** This means that at least three credit hours per semester must be non-online classes. Additional online classes may be taken once the full-time requirement has been met as long as the number of online classes does not exceed 50% of the degree program. Note that hybrid courses are 16 weeks duration. Online courses are 8 weeks' duration, and may be taken during the first or second half of the 16-week hybrid term, or both.
